ABOUT

US

815 Studios is an independent film & video production company that offers a fully fledged service in **pre-production, production and post-production** to commercial brands, corporate businesses, event promoters, music artists and PR/marketing agencies across the globe.

Since their inception in 2012, **815 Studios** have successfully produced over 500 projects across the commercial, event and corporate markets. **815** are known for their high quality delivery and unparalleled service, prioritising product satisfaction to each and every client.

The **815** team is filled with creative, passionate and technically talented individuals; keeping productivity at the forefront, which is clearly evident in every project they produce.

03

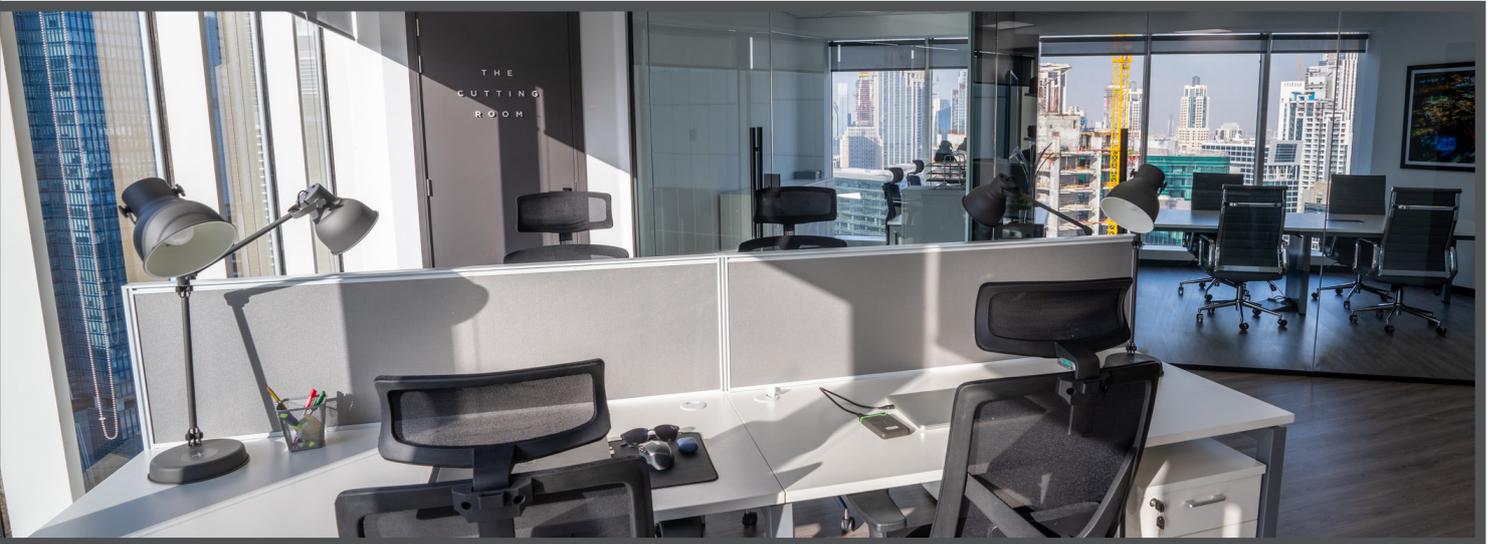

**“In my opinion,
the best in the
industry and
very flexible to
work with”**

Girish Bhat

Managing Director

Done Events

FACILITIES 04

815 Studios is situated in the heart of **Dubai, United Arab Emirates** - the world's hub for air travel and the home to the World's Tallest Building, **Burj Khalifa**. For over 8 years, **815** have built from the ground up to establish themselves as a **leading creative production house** - solidifying this by locating our headquarters in such a prestigious location.

Burlington Tower is positioned among ultramodern architecture and skyscrapers in Business Bay; an inspiring location for any company. **815's** headquarters is located on the **26th floor, office 2603** within this tower, providing us with the tools and facilities required to plan and deliver **unrivalled, compelling content**.

05

**“Highly skilled,
creative individuals
who have a
fantastic eye
for design more
than anything”**

Mathew Johnson

Executive Director of Marketing

Arabian Radio Network

PRE-PRODUCTION 06

Powerful and evoking messages, enlightening stories and visually engulfing ideas are the backbone of our work. **Pre-Production** is the fundamental stage in the filmmaking process to ensure your project is creatively tailored and logistically solidified. **815's** pre-production professionals will plan and prepare **every aspect** of your film.

We will **conceptualise ideas** that reflect and convey your brand values; ensuring consistency within the **theming & personality** that you share with your target audience. Amongst this process, **815** produce creative treatments, detailed scripts, concise storyboards, in-depth shot lists and implement skilled talent to **bring your project to life**. We are also certified with the **Dubai Film & TV Commission** to directly manage location permits for all filming purposes. **815** takes care of all these elements and much more as we move into **production...**

Our services in pre-production include:

- Writing treatments and scripts
- Shot lists & storyboarding
- Production budgeting
- Location scouting/permits
- Auditioning & casting talent
- Production scheduling

07

“One of
the best
in the
world.”

John Oakes

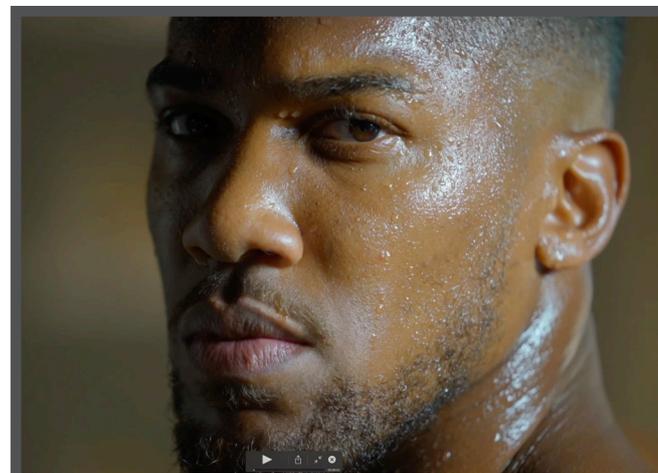

Chief Executive Officer

Freeze Management

It's time to roll camera, sound and.... **ACTION** as we take your project from script to screen. **815's** highly skilled creative team ensure that every shot is **well calculated and exquisitely executed**. From directing and navigating the action to setting the mood & tone with our superb lighting team, our productions are both **professionally managed and maintained** to an impeccable level. **815 Studios** are held in the highest regard for their **eye to detail**, delivering a unique style and quality to each and every project we have the pleasure of producing.

We have a wide range of **professional equipment**; ranging from the latest cinema cameras, lighting, sound gear, camera stabilisers and multiple drones to capture **spectacular** aerial footage. No matter how large or small your production, **815 Studios** have all the necessary means to capture a scene to its **full potential**.

experienced such
expertise and
dedication”**

Jo Davison

Senior Production Manager

Boost International

POST-PRODUCTION 10

The final phase takes place inside our state-of-the-art editing suite; as we manipulate and begin to piece together the final product. **815's** highly skilled **post-production** team flourish with any material they are provided with. Within this timeframe, **815 Studios** tailor the edit to ensure a **stylistic, structured** project is delivered. The colour grade will coincide with the **themes and tones** portrayed within the project, maintaining the initial brief and consistency across the process.

Our capabilities in post-production are **endless**. We have access to both composing **unique soundtracks** and also, a royalty-free music library containing more than **10,000** tracks for your selection. The **815** team are experts in producing 5.1 surround sound design. This results in an end product that's well crafted and implements **cinematic attributes**.

Our services in post-production include:

- Film editing
- Soundtrack production
- Colour grade
- Motion graphics
- Visual effects
- ADR & sound effects

11

“A strong team of highly talented, creative and proactive individuals”

James Craven

President

Live Nation Middle East

With our **expansive capabilities** in content capture and **unparalleled techniques** performed in flight by our pilots, **815** can take a simple drone request from a client, complete the full governmental procedure involved and deliver **excellent aerial content** within a heartbeat. The pairing between both the format and technology significantly raises the production value of your content creation, enabling us to capture all the action from a variety of **unique, diverse angles** from the skies.

815 Studios caters their aerial service for event productions, construction developments, destinations, landmarks and commercial use. If you are brand or company that is looking to **innovate and create** high quality content, this platform will ensure that you engage with your target audience in an **unprecedented fashion**.

Our attributes in our drone service include:

- Fully licensed, experienced drone pilots
- Capabilities of capturing both video and photography
- Obtaining permits from required government entities

“Their level of commitment, professionalism and flexibility sets them apart”

Nick Watson

Director of Events
DAMAC Properties

PHOTOGRAPHY 14

One image to tell the full narrative. That's what we deliver upon, **time and time again.** Throughout the years, world-renowned brands and corporations have entrusted **815 Studios** with the task of capturing countless **key, historical moments.** Our **highly-skilled,** professional photographers have delivered upon each and every request that has been set before them, with a **sharp, creative approach** at the forefront. We produce imagery for a vast range of projects, that includes large-scale concerts, sporting events, product launches, construction operations and exterior/interior showcases.

Our **photography** service extends its capabilities further than the norm. In conjunction with **815's** drone service, we are able to offer large-format images from **extraordinary heights** and capture **aerial vantage points** for both print and social purposes.

15

“**Driven by
passion and
creativity**”

Aiham Zidan

Senior Manager - PR and Events

Global Village

TIME-LAPSES 16

Want a powerful way to convey your story in a matter of moments? Then look no further than **time-lapse** production service. This stylistic process allows us to **manipulate time itself**; condensing both long-term and short-term into a matter of moments. This is an exceptional way to showcase significant changes over time, and presenting this in a series of **unique vantage points**. For subjects such as live event spaces, construction development, staging builds and day-to-night landmark promos.

Hyper-lapse photography, a subsidiary to time-lapse capture, is another compelling approach. This process allows the camera to create an illusion to 'move through time'. An intriguing form of content capture that will undoubtedly engage your audience. Our **tremendously talented** photographers have the utmost experience in capturing all types of time-lapse content, securing an **immersive** visual sequence whenever they are called into action.

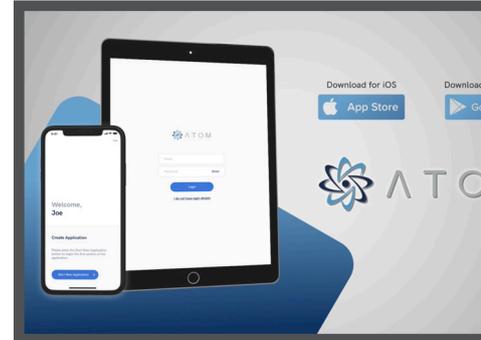

“Reliable,
agile,
creative,
honest”

Andre Van Niekerk

Media & Communications Manager

Nespresso

GRAPHICS & FX 18

With our trained graphics and FX team, **815 Studios** can bring your videos to life! We offer a **wide array of possibilities** animating motion graphics, infographics, title sequences and much more. Incorporating these elements to your projects not only adds striking visuals but will ultimately **increase viewer engagement!**

815 are equipped with the latest technology in-house to deliver powerful motion graphic imagery which we are able to **craft and design** for your desired project. We are here to help you **push the boundaries** of your project by adding a fresh digital layer to support your message and final output catered to your brand.
